SCS CONFERENCES AND SYMPOSIA

Swiss Snow Symposium 2024

January 19–21, 2024, Saas-Almagell (VS)
The symposium provides an innovative platform for young chemists to present their work and to exchange their experience.

A well balanced mix between lectures, short talks and poster sessions as well as get-togethers at the hotel bar and snow fun activities on the slopes guarantee a unique experience of science and fun.

Invited Speakers

Prof. Chan Cao, EPFL Lausanne
Prof. Wendy Lee Queen, EPFL Lausanne
Prof. Stephan von Reuss, University of Neuchâtel
Prof. Antonio Togni, ETH Zurich
Dr. Lukas Bâni, HFSJG Foundation
Dr. Maud Reiter, DSM-Firmenich
Dr. Vlad Pascanu, Syngenta

Organizing Committee

Patrick Fritz, University of Fribourg
Tara Forrest, University of Geneva
Marie-Désirée Schlemper-Scheidt, University of Neuchâtel
Jaime Martin Gonzalez, University of Zurich
Gaetano Geraci, University of Bern
Ghewa Alsabeh, AMI / EPFL Lausanne

DMCCB Basel Symposium 2024

February 12, 2024, Biozentrum University of Basel

This one-day symposium is organized by the Swiss Chemical Society, Division Medicinal Chemistry and Chemical Biology. The goal is to stimulate a stronger cooperation among persons working in different areas of medicinal chemistry and chemical biology. Scientists from

applied and fundamental research, from industry, education, and regulation are welcome.

Contact

Dr. Christoph Sager, leadXpro

Website: <https://dmccb24.scg.ch>

CHanalysis 2024

April 10–12, 2024, Dorint Hotel Blüemlisalp, Beatenberg

The goal of this two-day conference series is to stimulate a stronger interaction among persons working in different areas of analytical sciences. Scientists from applied and fundamental research, from industry, education, and regulation are welcome.

Confirmed Speakers

Dr. Hanspeter Andres, METAS
Dr. Christoph Meyer, Lonza
Prof. Götz Schlotterbeck, University of Basel
Dr. Jens Jacobsen, Waters
Prof. Fernando Perez-Cruz, Swiss Data Science Center

Contact

Dr. Davide Bleiner, Empa Dübendorf

Registration will open in January 2024.

SCS Conference on Stereochemistry (Bürgenstock Conference) 2024

April 28 – May 5, 2024, Brunnen

The 'SCS Conference on Stereochemistry', better known as 'Bürgenstock Conference', is an outstanding international chemistry meeting of high scientific quality, with an optimal setting for intense inter-disciplinary discussion.

Stereochemistry is the principle underlying our understanding of the processes of life and the properties of matter at the molecular level. It is a key element not only in all chemical disciplines, but also in modern molecular biology, molecular medicine, biophysics, and material design. Accordingly, the 'Bürgenstock Conference' has grown over the years into a multi-disciplinary conference where frontier science is being discussed. Lectures cover many areas of chemistry and relevant highlights from neighboring disciplines.

Participation is on invitation only. Please contact one of the organizing committee member if you are interested in joining the event.

SCS Spring Meeting 2024

June 7, 2024, Biozentrum University of Basel

The Swiss Chemical Society Spring Meeting is a one-day symposium and provides a high-quality program with national and international speakers on a certain topic. The topic of the 2024 symposium is «Frontiers in Homogenous Catalysis».

Homogeneous catalysis is a cornerstone of modern chemistry, enabling the creation of complex molecules with remarkable control and efficiency. It serves as the silent driving force behind numerous industrial processes and is essential for today's production of fine chemicals and pharmaceuticals that shape our modern world. This meeting aims to spotlight novel developments in the realm of homogeneous catalysis by convening leading experts from this field. They will present their findings on a wide spectrum of subjects, encompassing late-stage functionalization, photocatalysis, and catalytically active oscillators.

Confirmed Speakers

Prof. Christina White, University of Illinois Urbana-Champaign
 Prof. Syuzanna Harutyunyan, University of Groningen
 Prof. Ryan Gilmour, University of Münster

Keine halben Sachen.

Die Welt ist voll von Halbwissen. Besonders im sensiblen Umfeld der Chemie ist dies jedoch fehl am Platz. Deshalb arbeiten wir seit 1947 mit Leidenschaft und Liebe zum Detail daran, dass evaluierte Daten und Fakten rund um das Themenfeld Chemie zur Verfügung stehen. Immer. Und ohne Ausnahme. So wurde „Der RÖMPP“ Synonym für inzwischen über 65 000 Stichwörter und über 240 000 Querverweise, auf die man sich verlassen kann. Das sollten Sie sich am besten selbst anschauen.

Sonderkonditionen für SCG-Mitglieder.

Nur 100% sind 100%.

Biotechnet Meet-Up 2024: Sustainability in Biotech

January 18, 2024, UniS, University of Bern

Biotechnet members, basic and applied researchers, and industry seeking R&D collaborations are welcome to attend. The event will conclude with an IP and technology outlook in sustainable biotech from the Swiss Federal Institute of Intellectual Property, followed by a networking apéro.

Program: In the morning, Biotechnet's thematic platforms and members will present their research and activities, including how they're addressing sustainability in biotech. In the afternoon, we're honoured to welcome keynote speakers who will share research advances in sustainable biotech and best green lab practices.

Registration: The event is free and registration is required.

8th ECP (“European Chemistry Partnering”) - The first Industry Speed Dating Event

February 6, 2024, Frankfurt am Main, Germany

Are you ready to push the boundaries of your field, meet exciting partners and drive breakthrough innovations? Then you've come to the right place – ECP! Immerse yourself in a world of possibilities and become part of a pioneering platform that brings all industries together.

ECP is a unique partnering event that connects people and enables breakthrough solutions to the big challenges of our time: climate, food, health, housing, mobility, energy, consumption, water - to name but a few.

SCS members profit from reduced registration fees. Use the promo code to profit from the discount: *8thECP_Supporter_20*

LS² Annual Meeting 2024

February 14–15, 2024, University of Geneva

The LS² Annual Meeting brings together scientists from all nations and backgrounds to explore the large spectrum united under the umbrella of Life Sciences. The Topic of the 2024 edition is “Exploring the Wonders of Life”.

Deadline for abstract submission (poster and talks) is November 8, 2023

Registration is open until January 10, 2024

Website: <https://annual-meeting.ls2.ch/2024/>

Central European Conference on Photochemistry, CECP 2024

February 18-22, 2024, Bad Hofgastein, Austria

The meeting is intended to bring together scientists from different European countries in one place to discuss their results. A lot of experience in photochemistry will be present to give everybody the chance for interesting scientific exchange.

Topics covered by the meeting:

- Organic photochemistry
- Inorganic photochemistry
- Theoretical photochemistry
- Applied photochemistry
- Photophysics
- Spectroscopy
- Kinetics of photochemical reactions
- Mechanisms of photochemical reactions

- Energy conversion
- Ultrafast processes

Swiss Biotech Day 2024

April 22–23, 2024, Congress Center Basel

In 2024, the Swiss Biotech Day will again offer high-level experts from the life sciences industry the space and the time (one and a half days) to network, discuss and discover trends in R&D, manufacturing, data management, artificial intelligence and innovative financing. International biotech delegations can visit the “Global Village” to strengthen their ties with Switzerland as a biotech hub and promote cross-border investments, public-private partnerships, research and development collaborations and exchange of talent.

9th EuChemS Chemistry Congress 2024

June 7–11, 2024, Convention Center Dublin

The EuChemS Congresses are noted for their excellent scientific level, and have a reputation for giving all the attendees and participants the opportunity to listen to and interact with some of the most celebrated researchers in the world.

9th EuChemS
CHEMISTRY CONGRESS
Dublin, Ireland 7–11 July 2024

ECC-9 Scientific Programme will be focused around eight scientific themes:

Advances in Synthetic Organic Chemistry	Education, History, Cultural Heritage, and Ethics in Chemistry	Physical, Analytical and Computational Chemistry	Energy, Environment and Sustainability
Catalysis	Nanochemistry/ Materials	Chemistry Meets Biology for Health	Supramolecular Chemistry

A World-Leading Plenary Speaker, 8 Invited Lecturers and ~ 60 Short Oral Communications Per Theme.

Call for Abstracts:
Please submit your abstract now for oral communications or poster presentations

Abstract Submission Key Dates
Call for Abstracts Opens: Mon 4th Sept 2023
Call for Abstracts Closes: Fri 8th Dec 2023
Notification of Authors: Fri 23rd Feb 2024

Sponsorship & Exhibition opportunities available
