

# Building Bridges between Biotechnology and Chemistry *In Memoriam Oreste Ghisalba*

- 317 Editorial  
*R. Wohlgemuth, H.-P. Meyer*
- 320 Oreste Ghisalba at the Heart of Biotechnology  
*B. M. Stadler*
- 322 Building Bridges between Biotechnology and Chemistry – Oreste Ghisalba’s Pioneering Activities, Publications and Programs  
*R. Wohlgemuth*
- 338 Dedicated, Persistent, Knowledgeable, Visionary and Smart: Dr. Oreste Ghisalba Helped Leverage the Great Potential of Biotechnology to the Benefit of Switzerland  
*M. Altorfer\*, D. Escher, A. Härrli, M. Howald*
- 342 The Swiss Industrial Biocatalysis Consortium (SIBC): Past, Present and Future  
*S. Hanlon*
- 345 Development of Swiss Biotechnology Beyond the Biopharmaceutical Sector  
*In memoriam Prof. Dr. Oreste Ghisalba (1946-2018)*  
*H.-P. Meyer\*, O. Werbitzky*
- 360 The Swiss Biotech Association (SBA) and Unitectra, the Joint Tech Transfer Organization of the Universities of Basel, Bern and Zurich – Two Organizations Initiated and Fostered by Oreste Ghisalba  
*H. Reutimann*
- 363 Polyhistidine Affinity Chromatography: From the Idea to a Method of Broad Applicability and the Pitfalls in-between  
*H. Döbeli*
- 368 The Development of Biocatalysis as a Tool for Drug Discovery  
*J. Schwarz, K. Rosenthal, R. Snajdrova, M. Kittelmann, S. Lütz\**
- 378 The Role of Reaction Engineering in Bioprocess Development  
*U. Kragl*
- 382 Isolation and Identification of Actinomycetes Strains from Switzerland and their Biotechnological Potential  
*F. Arn, D. Frasson, I. Krosiakova, F. Rezzonico, J. F. Pothier, R. Riedl, M. Sievers\**
- 391 Effects of Sodium Chloride on Tyramine Production in a Fermented Food Model and its Inhibition by Tyrosine-degrading *Lactobacillus plantarum* JA-1199  
*J. Anderegg, F. Constancias, L. Meile\**
- 398 Development of Biopolyesters (PHA) as Part of the Swiss Priority Program in Biotechnology  
*M. Zinn*
- 402 Taming the Beast of Biology: Synthetic Biology and Biological Systems Engineering  
*S. Panke*
- 407 A Bio-logical Approach to Catalysis in the Pharmaceutical Industry  
*G. Mann\*, F. V. Stanger*

## COLUMNS, CONFERENCE REPORTS

---

- 418 SWISS SCIENCE CONCENTRATES  
*S.-M. Guo, A. Kudashev, T. Miyakoshi, M. Zuccarello, O. Baudoin\**
- 419 HIGHLIGHTS OF ANALYTICAL SCIENCES IN SWITZERLAND  
Simultaneous Quantification of 58 Hazardous Aromatic Amines and Positional Isomers in Textiles by LC-MS/MS  
*P. Kämpfer\*, S. Crettaz, S. Nussbaumer, M. Scherer, S. Krepich, O. Deflorin*
- 420 POLYMER AND COLLOID HIGHLIGHTS  
Artificial Skin for Sensing and Energy Harvesting of Human Motion  
*D. M. Opris*
- 421 CHEMICAL EDUCATION  
Plant Toxins: Poison or Therapeutic?  
*C. E. Housecroft*
- 423 FH-HES UNIVERSITIES OF APPLIED SCIENCES  
Membrane Filtration: Expanding the Areas of Application by Chemical Modification – Examples from the FHNW  
*K. Remmen, J. Koeser\**
- 426 BIOTECHNET  
TEDD Competence Centre Report 2019  
*K. S. Kopanska\*, M. Rimann\**

## COMMUNITY NEWS

---

- 429 Swiss Chemical Society News
- 431 Honors, Awards, Appointments
- 431 Journal News
- 432 Industrial News

## EVENTS

---

- 436 SCS Conferences and Symposia
- 438 Non-SCS Conferences in Switzerland
- 438 SCS Lectureships
- 438 Lectures May 2020

## CHIMIA REPORT/COMPANY NEWS

---

- 440 Markt, Apparate, Chemikalien und Dienstleistungen
