

Geneva Pharma

EDITORIAL

- 277 *E. Allémann, M. Cuendet*
- 280 The School of Pharmacy Geneva-Lausanne (EPGL) – The First Ten Years
G. Borchard, P.-A. Carrupt**
- 281 New Expression Method and Characterization of Recombinant Human Granulocyte Colony Stimulating Factor in a Stable Protein Formulation
*R. Boubeva, C. Reichert, R. Handrick, C. Müller, J. Hannemann, G. Borchard**
- 286 How to Increase the Safety and Efficacy of Compounds against Neurodegeneration? A Multifunctional Approach
*A. Nurisso, C. Simoes-Pires, S. Martel, D. Cressend, A. Guillot, P.-A. Carrupt**
- 291 Dosage Optimization of Treatments Using Population Pharmacokinetic Modeling and Simulation
M. Guidi, M. Arab-Alameddine, M. Rotger, M. Aouri, A. Telenti, L. A. Decosterd, T. Buclin, C. Csajka, the Swiss HIV Cohort Study*
- 296 Validation of the Simplified UVB Model to Assess the Pharmacodynamics of Analgesics in Healthy Human Volunteers
*K. Ing Lorenzini, M. Besson, Y. Daali, D. Salomon, P. Dayer, J. Desmeules**
- 300 The Hospital Pharmacist: An Important Contributor to Improved Patient Safety in the Hospital
*S. Berthouzoz, L. Berger, P. Bonnabry, A. Pannatier**
- 304 New Roles for Community Pharmacists in Modern Health Care Systems: A Challenge for Pharmacy Education and Research
O. Bugnon, D. Hugentobler-Hampaï, J. Berger, M. P. Schneider*
- 308 Pharmaceutical Technology at the Service of Targeted Drug Delivery
E. Allémann, F. Delie, N. Lange*
- 313 The Pharmaceutical Biochemistry Group: Where Pharmaceutical Chemistry Meets Biology and Drug Delivery
Y. N. Kalia, R. Perozzo*, L. Scapozza**
- 320 Plants as a Source of Therapeutic and Health Products
*P. Christen, M. Cuendet**
- 324 New Approaches for Studying the Chemical Diversity of Natural Resources and the Bioactivity of their Constituents
J.-L. Wolfender, E. Ferreira Queiroz*
- 330 New Insights in Pharmaceutical Analysis
*D. Guillarme, J. Schappler, J. Boccard, J.-L. Veuthey, S. Rudaz**
- 335 The Life Sciences Mass Spectrometry Research Unit
G. Hopfgartner, E. Varesio*
- 339 LC-MS (/MS) in Clinical Toxicology Screening Methods
*V. Viette, D. Hochstrasser, M. Fathi**

COLUMNS

- 343 CONFERENCE REPORT
Four Windows on Modern Science in Flavor and Fragrance Chemistry at Firmenich
C. Starkenmann, L. Wünsche*
- 345 SWISS SCIENCE CONCENTRATES
Prepared by
N. Bruns, A. Ganic, V. Köhler, F. Monnard, M. R. Ringenberg, T. R. Ward
- 346 HIGHLIGHTS OF ANALYTICAL CHEMISTRY IN SWITZERLAND
Detection and Significance of Cocaine Traces on Swiss and Euro Banknotes
F. Anglada, O. Delémont, O. Guéniat, P. Esseiva*
- 347 FH - HES UNIVERSITIES OF APPLIED SCIENCES
Thin-layer Chromatography–Nuclear Magnetic Resonance Spectroscopy –
A Versatile Tool for Pharmaceutical and Natural Products Analysis
*A. Gössi, U. Scherer, G. Schlotterbeck**

SWISS CHEMICAL SOCIETY

- 350 Invitation to the SCS General Assembly 2012
- 351 Call for Nominations for the SCS Scientific Awards 2013
- 352 A warm welcome to our new members!
- 352 10. Swiss Course on Medicinal Chemistry, Leysin
- 353 DAC Weiterbildung Analytik
- 354 SCS Society News and Announcements
- 355 KGF - SCS Industrial Science Awards

INFORMATION

- 356 News
- 356 Conferences/Workshops/Symposia
- 357 Lectures

CHIMIA REPORT/COMPANY NEWS

- 360 Markt, Apparate, Chemikalien und Dienstleistungen
